

“1956 Mille Miglia”

This exquisitely done painting depicts Juan Manuel Fangio, the five-time Formula One World Champion, finishing 5th in the 1956 Mille Miglia with the factory Ferrari 290MM. During the race he was delayed by carburetion problems, and further exasperated by the cold and persistent rain, all of which made the event particularly demanding for the aging Argentinean ace.

This artwork was produced in monochrome using oil paint on a super-fine primed canvas, requiring more than 200 hours to complete.

The original 27” x 14” painting, “1956 Mille Miglia,” is currently available for sale at £3750.
